

MILITARY RELIGIOUS FREEDOM
f o u n d a t i o n

Dear friends, supporters, and allies,

December 2, 2024

I'll keep this as brief as possible.

We are on the precipice of a horribly dark and dangerous period for our country, as extremist, authoritarian, theocratic, kleptocratic, Christian nationalist fascists ride a shocking wave of populist support back into the seats of power. I won't lie to you—the next four years are going to be rough.

What happens next is no mystery. The Military Religious Freedom Foundation (MRFF) has been raising the alarm as loudly as possible—just search for “Project 2025” on MilitaryReligiousFreedom.org if you somehow missed that, and read my April 2024 *Daily Kos* op-ed: “It’s Project 2025, Stupid” (tinyurl.com/project-2025-stupid).

Here are just a few of the next administration’s plans for the military:

- Purge the “woke” generals and other non-loyalists from the ranks of officers, enlisted, and civilians
- Annihilate diversity initiatives, depriving our armed forces of the strength of anyone who is openly or visibly not a straight, white, cisgender, Christian man
- Deploy the military on U.S. soil against American citizens to annihilate protest and dissent, and implement horrific mass detentions and deportations

Donald Trump and his menagerie of MAGA maniacs will try to use our military to achieve their darkest desires, and MRFF is the only organization dedicated to protecting our servicemembers’ Constitutionally guaranteed religious and nonreligious rights.

There is an extraordinarily important word in that last sentence. It’s short; you might have breezed right past it: “try.”

They will TRY to turn the United States military into a nuclear-armed tool of the Fourth Reich, and MRFF is going to FIGHT LIKE HELL and do everything possible to STOP them. MRFF will continue to SUPPORT and PROTECT every single Soldier, Sailor, Airman, Marine, Guardian, and Coast Guardsman who needs us. And we can ONLY do that because of YOU.

We can’t raid the U.S. treasury or call on corrupt billionaires to fund our efforts. We don’t control an army of federally-funded lawyers. We don’t have the bully pulpit. And we certainly don’t hold the keys to the most technologically advanced fighting force the world has ever seen.

But here’s what we do have: A track record of numerous important victories, stymying many of the Trump administration’s worst first-term assaults on religious freedom in the military. **We also have your incredible, ongoing support—and we won’t survive the coming years without it.**

Tell MRFF’s 91,000-plus military and veteran clients that you have their backs by making a generous, fully tax-deductible recurring or one-time gift today. Donate online at MilitaryReligiousFreedom.org or mail a check in the enclosed pre-addressed envelope.

Sincerely,
